

Create LOOKUP for DEPARTMENT

The screenshot shows the Oracle Applications EBS508 interface. The Navigator - Application Developer window is open, displaying the Application Object Library Lookups. The 'Lookups' folder is expanded, showing 'Application Object Library Lookups'. The 'Top Ten List' shows 1. Forms, 2. Functions, and 3. Menus. The 'Open' button is visible at the bottom right.

The terminal window displays the following instructions:

```
1- LOGIN TO EBS SERVER
2- NAVEGATE TO APP DEVELOPER
  - APP
  -LOOKUPS -> COMMAN/ "AOL" <-THIS USE
3- NOW CREATE LOOKUP "AHED_LOOKUP_DEPT" ->ITS DEPT
  -SELECT EXTENSIBLE "MEANS ADD LATER"
  -ADD TO CODE, MEANING AND DESC
  FIN, IT, SALES
  -SAVE IT
  -CLOSED, OPEN AGIN AND QUERY IT AND ADD 2 MORE VALUE
  -PROD & MARKTING
  -CLOSED, OPEN AGIN AND QUERY IT JUST TO SEE IT
```
